

MMA 200

Stick Welding
Power Source

Quick Specs

Light Industrial Applications

Maintenance Repair
Shipboard Installation
Farm / Ranch
Hobbyist

Power Voltage

1 Phase AC240V ±15%
50/60Hz

Input Current

22A/5.3kVA

Output Current

30-160A
Max. OCV: 65VDC

Output Voltage

26.4V

Duty Cycle

60%

Weight

4.5KG

Dimensions

D340×H285×W140MM

Portable. Professional. Rugged. Affordable.

The inverter *MMA 200* offers much more than you would expect from a welder this size. Weighing in at just under 4.5kg the Inverter *MMA 200* is no lightweight contender. It packs the full punch of a heavyweight professional that you can take to the most demanding job sites. It can operate from a portable generator.

FEATURES

- **Automatic Arc Force** minimizes electrode sticking in the puddle without compromising arc stability or increased spatter.
- **Automatic Hot Start** boosts the current during starting to make striking an arc easier
- **Thermal overload protection with indicator light** helps prevent machine damage if the duty cycle is exceeded or airflow is blocked.
- Inverter-based, DC power source has a **simple-to-use operator interface** providing only the necessary controls in a compact machine.

PROCESSES

Stick (SMAW)

INCLUDED

MMA 200 Machine Only Includes:

- MMA 200
- 2.5M Stick electrode holder.
- 1.5M work cable and clamp.
